Story

I became involved with Baking for Hospice after seeing a Facebook friend asking anyone if they wanted to help out. I used to volunteer at a Hospice Shop in Ponsonby on Saturday's but had to give it up due to a lot of travel for my job. I've always wanted to do something else with Hospice because I know it's such a good cause. This doesn't take too much of my time now that I have a toddler in tow, and I know people do appreciate it.
